

EUROTHANE

H/S Euro-Style Clear

- BUILDS FAST, DELIVERS BEAUTIFUL GLOSS WITH EXCEPTIONAL DOI
- RESISTS SHRINKAGE AND DIEBACK
- H/S EURO-STYLE FORMULA MIXES 2:1 WITH ECA200F OR ECA200S
- EASY TO POLISH FOR SEVERAL DAYS
- NATIONAL RULE COMPLIANT

EUROTHANE is a popular high-solids 2:1 clearcoat made from superior resins imported from Europe. It dries quickly, leaving a beautiful, long-lasting shine with superb DOI. This fast-building clear flows and levels easily, and provides excellent resistance to shrinkage and dieback. High performance resins provide superior protection against harmful UV, weather, chemicals and stone chips.

EC200 was formulated for use in professional refinish shops where material quality and superior performance are critical. May be used both in air-dry and bake cycle environments. Custom painters like this clear for its high build and easy polishing.

Ideal for use over BLACK DIAMOND Low-VOC Urethane Basecoats, ULTRA-GLO Single-Stage Urethane Topcoats and SPECTRA Series Urethane Candy Colors.

Refer to Technical Data Sheet (available online) for more specific mixing and application directions.
