

ULTRA

H/S Urethane Clear

- HIGH-SOLIDS CLEAR BUILDS FAST, DELIVERING BEAUTIFUL GLOSS WITH EXCEPTIONAL DOI
- RESISTS SHRINKAGE AND DIEBACK, PROVIDES GOOD FLOW AND LEVELING
- MIXES 4:1 TO 4:1:1 WITH 3065, 3075 OR 3085
- EASY TO POLISH FOR SEVERAL DAYS
- NATIONAL RULE COMPLIANT

ULTRA is a premium, high-solids acrylic urethane system designed for professional refinish and restoration shops that require superior performance from their clearcoats. This fast-drying, glamour-style clear features exceptional flow and leveling and yields a beautifully deep gloss with sharp DOI.

Thanks to its blended resin formula, EC300 stays incredibly easy to buff for many days after application. ULTRA H/S Clear resists shrinkage and dieback, and provides excellent protection.

May be used in air-dry or bake cycle environments. Ideal for use over BLACK DIAMOND Low-VOC Urethane Basecoats, ULTRA-GLO Single-Stage Urethane Topcoats and SPECTRA Series Urethane Candy Colors.

Refer to Technical Data Sheet (available online) for more specific mixing and application directions.
