AUTO BODY TOOLMART IS NAMED 2006 DISTRIBUTOR OF THE YEAR BY KIRKER AUTOMOTIVE FINISHES

**CATALOG DISTRIBUTOR RECOGNIZED FOR BLISTERING SALES GROWTH
AND CONSISTANT SUPPORT FOR KIRKER'S PRODUCT INNOVATION**

ELGIN, IL / MAY 8, 2007 – Auto Body Toolmart, a catalog distributor of specialty tools, equipment and shop supplies for America's auto body repair industry has been named Kirker Automotive Finishes' 2006 Distributor of the Year.

The catalog distributor experienced soaring increases in its sales of Kirker's paint and related materials last year thanks to an expanded product assortment that now includes the ULTRA-GLO single-stage urethane paint system and SPECTRA Series urethane candy color system. Since 2001, Auto Body Toolmart has featured Kirker's urethane clearcoat systems, 2K urethane primers, epoxy primer and other items in its catalog. Thanks to the increased focus on paint in 2006, Auto Body Toolmart is now among Kirker's leading distributors in the U.S. and continues to grow at a rate outpacing its competitors.

Auto Body Toolmart is America's foremost direct distributor of specialty tools, shop equipment and autobody supplies. It markets its products through an extensive online store, and through a full-color, 148-page catalog that is printed quarterly and mailed to more than a half-million professional repair locations.

During an event earlier today at the company's headquarters, Auto Body Toolmart President, Matt Dorfman and the company's team of Sales Associates were recognized for their support of Kirker, their commitment to its product innovations and the excellent customer service they provide.

"The people at Auto Body Toolmart are very knowledgeable and always friendly, and they provide unparalleled customer service," said Bruce Sklak, President of Kirker Automotive Finishes. "Those values are important to Kirker and we are proud to be associated with Auto Body Toolmart because of them."

About Auto Body Toolmart

Auto Body Toolmart is America's Automotive Supply Source. Since its first catalog was printed in 1992, the company has taken pride in offering a wide product assortment, outstanding savings, and exceptional customer service to more than 50,000 satisfied professional autobody technicians.
